## *WORKSHOP'S PROGRAM*

It is a full immersion in the magical world of the "luminarie", typical festivals decorations of Salento which, become real works of lighting and furnishing accessories.

A workshop where will be deal a theoretical part, with brief historical notes on their origins and evolution over time, and one practical part, where you will have the opportunity to learn the construction technique starting from the idea that becomes draft and then geometric drawing on paper, up to arrive, through materials, decoration and electrical wiring, to the finished artifact to take home.

A small "tasting" in the back of Gustavo's shop artdesign.

The experience will take place over a weekend and will be structured as follows:

- Friday : Welcome greeting and meeting with the participants, in addition to the presentation of the workshop. All participants will have a personal kit with everything necessary for the construction of the luminary (rough wooden template, acrylic enamel, lamp holder, nails, bulbs, electrical cable and power supply), tools (hammers, cutters, screwdrivers, etc.) to be shared on the work surface will be made available.
- Saturday morning and afternoon will be the operational steps with the participants at work
- Sunday: completing of the work ready to ignition, thanks and greetings
